Admiral Lewis L. Strauss, Chairman
U. S. Atomic Energy Commission
Washington 25, D. C.

Dear Admiral Strauss:

This will acknowledge receipt of your letter of June 11, wherein you advised me concerning radiological fallout in South Dakota from the nuclear tests conducted this spring in the Pacific. You also sent me a copy of the Semi-Annual Report of the Atomic Energy Commission describing the monitoring program. It was kind of you to furnish me with this information in response to my recent inquiry. I have found it very comforting and shall so notify the people of my state, as there had been some apprehension in this respect.

With best wishes, I am

Sincerely yours,

Sigurd Anderson
